

Craftex Product Specification Sheet

JANITEX 30B

The Janitex 30B is an innovative battery-powered machine for cleaning and sanitising restrooms in areas open to public.

Powered by batteries, the machine is extremely manoeuvrable and can be easily used in any place, without the inconvenience of a power cable. It is ideal for use in environments such as hospitals, schools, universities and factories. The internal battery charger allows to recharge the machine just connecting it to an electrical wall socket. and hard floor, as well as stain removal and upholstery cleaning. No power-cord allows the operator convenience of use.

Solution Tank Capacity

30 litres

Recovery Tank Capacity

30 litres

Vacuum Motor

500W 2 Stage x 1

1300mm H

20

35L/sec (max)

Pump

Piston by pass, membrane

9 bar (130psi) (max)

4.5L/min (max)

Water Consumption

30L/100m² (approx.)

Chemical Consumption

500g/100m² (approx.)

Batteries

2 x 12V - 44Ah

Hose Assembly Length

5 metres

Construction Material

High density polyethylene

Machine Weight

71 kg

Machine Size

380 x 700 x 1050mm

Run Time

8 hours

Unit 11, Carnforth, Business Park, Oakwood Way, LA5 9FD
