

Craftex Product Specification Sheet

SCRUBEX 60:650BT

The Scrubex 60:650BT is a battery powered walk- behind scrubbing machine with automatic traction and two disk brushes with a 650mm working width.

The compact and manoeuvrable machine has great working autonomy and excellent cleaning performances. The brush head, squeegee attachment and frame is made of die-cast aluminum to make the machine robust and reliable over time, as well as lightweight and comfortable both during work and transport. The unit is fitted with self-levelling splash guards that adjust automatically to uneven floors.
