

Craftex Product Specification Sheet

SCRUBEX 160:860R

The Scrubex 160:860R is a ride on scrubbing machine with a robust design and twin roller brushes suitable for working in different environments, both commercial and industrial, with high productivity of up to 6920m²/hour.

Excellent performance is ensured, for both the deep cleaning of various hard floors such as warehouses, as well as the finer surfaces found in areas such as in shopping malls.

The Scrubex 160:860R has a debris collection tray which collects small pieces of rubbish while it scrubs in a single pass. Easy controls and operator position allow for comfort and complete control over the machine and ultimately enhance the results during the operations.

Solution Tank Capacity

160 litres

Recovery Tank Capacity

140 litres

Vacuum Motor

24V | 190mbar

Brush

2 x cylind. (150 x 865mm)

Squeegee Width

1120mm

Scrubbing Path

865mm

Machine Weight

340kg (exc. batteries)

Machine Size (L x W x H)

1796 x 1245 x 1005mm

Batteries

24V

Run Time

3.5 hrs

Performance

6920m²/hour

Unit 11, Carnforth, Business Park, Oakwood Way, LA5 9FD
