

Craftex Product Specification Sheet

STEAMEX SDV8

The Steamex SDV8 is an 8 bar pressure steam cleaning machine that incorporates a chemical delivery system, suitable for both commercial and industrial environments.

Made from stainless steel, it features a continuous boiler fill system allowing refill at anytime during operation, and comes complete with an integral vacuum system.

High temperature steam penetrates deep into surfaces, sanitising the area and killing bacteria in a wide variety of commercial environments. The powerful integral vacuum ensures surfaces are left clean and dry.
