

Craftex Product Specification Sheet

SCRUBEX 40:500BT

The Scrubex 40:500BT is a high performing, walk behind scrubbing machine with battery traction that offers high performances for both maintenance and heavy duty cleaning of floors up to 2200m².

The unit has a 500mm working width disk brush and a pressure die-cast aluminum frame that guarantees reliability and sturdiness over time. Intuitive drive, with few and easy controls, ensures the machine is easy to operate, and due to it's compact size and silent operation of <66 dB(A), it is versatile enough to meet the cleaning needs of several sectors.

The Scrubex 40:500BT offers the following benefits:

- Versatility - ideal to meet the cleaning needs of several sectors
- Full accessibility to components for easier maintenance
- Energy saving and silent operation <66dB(A)
- Control of water and detergent consumption with CDS system
- Reliability over time and sturdiness during use

Solution Tank Capacity

40 litres

Recovery Tank Capacity

60 litres

Vacuum Motor

120W | 24mbar

Brush

500mm

Squeegee Width

700mm

Scrubbing Path

500mm

Noise Level

<66 dB(A)

Machine Weight

87kg (exc. batteries)

Machine Size (L x W x H)

1175 x 510 x 990mm

Performance

1780m²/h

Run Time

3.5 hrs
