

Craftex Product Specification Sheet

SCRUBEX 10:350E

A compact, mains operated scrubber drier unit, perfect for operation in small and medium size areas.

Effortless scrubbing ensures much higher productivity of the operator whilst in use and with the automatic squeegee and brush adjusting system, the machine can automatically adjust to any type of floor.

The Scrubex 10:35E is ideal for accurate cleaning of room corners and to operate in congested areas thanks to its handle bar which ensures 180° flexibility and to its compact size that is shaped around the brush head.

The machine has a practical hook that can be used as cable clamp when the machine is operating or as cable holder when the machine is in use.
